**INFORMATION DISCLOSURE STATEMENT**

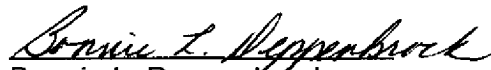

Sir:

The section of the application entitled "Results" [page 96 of Publication No. WO 2004/056369 (PCT/EP2003/014556)] states that the compound of Example 121 exhibits antagonism  $>9.5\text{pK}_b$ . It is noted for the record that the hydrochloride salt of the compound of Example 121 exhibits antagonism  $>9.5\text{pK}_b$ . The free base of the compound of Example 121 exhibits antagonism of approximately  $9.2\text{pK}_b$ .

It is submitted that the above information is not material to patentability. Nevertheless, this information is presented to correct the record. If the Examiner has any questions concerning this information, please contact the undersigned.

Respectfully submitted,

Date: 31 July 2007
